APRIL LODGE GUINEA PIG RESCUE LONG-TERM FOSTERING INFO/ AGREEMENT/DECLARATION

Foster-carers must live within a 20mile radius of the rescue centre.

Our guinea pigs who go to live in long-term foster-care are not suitable for normal rehoming/adoption because they are either aged, have an ongoing medical condition, have been known to bite or they have a combination of problems.

Most of our foster-carers are able to provide accommodation, equipment, dry feed, bedding, hay and fresh veg and fruit. However, we can provide these items if necessary apart from the veg/fruit. With regard to healthcare, you are still invited back here as normal for regular health-checking.

If appropriate, we can at any time take back the guinea pig.

The foster-carer can contact us at any time with regard to health care by phoning 01304 619152, mobs 07790 684888 or 07764 757 530 or 07712 627 017. or by email www.aprillodge.co.uk

If the foster-carer feels that the guinea pig needs veterinary care within normal working hours, you need to return the guinea pig to us or we can collect. If you take the guinea pig to a vet of your choice, you will be expected to pay the bill. The guinea pig must not be euthenased without our consent.

If the foster-carer feels that the guinea pig needs veterinary care outside normal working hours, you need to return him to us. If you take the guinea pig to a vet you will be liable for the vet bill. Under no circumstances is the guinea pig to be euthenased without our consent.

This is to confirm I agree with the above conditions.
